## **Cone Health, Greensboro NC, goes live with Healthcare IP**

Healthcare IP, a leader in revenue cycle management and integrated clearinghouse services is pleased to announce that Cone Health, Greensboro NC, has gone live with the company's full suite of SCALE solutions and services for all-payer clearinghouse processing and client services.

"Cone Health continues to play such an important role in healthcare in NC, and it's a great privilege of ours to earn the support and trust of their teams. Our teams are excited to be underway and we look forward to spending time in Greensboro working with their teams." Says Brent Grimes, Executive Vice President, RCM at Healthcare IP.

### **About Healthcare IP:**

Healthcare IP is a leader in healthcare technology solutions and services focused on the revenue cycle management objectives of each client. H.IP is a responsive and collaborative partner to some of the country's top healthcare providers, from individual hospitals and physician groups to major integrated health systems and academic medical centers. The company's proprietary SCALE<sup>®</sup> technology delivers integrated, scalable and customizable solutions proven to improve operational efficiencies and financial performance. From all-payer clearinghouse services to denial management automation driven by deep analytic insight, it is continually improving client performance and satisfaction. Led by innovators with executive experience at industry-shaping IT companies and large health systems, H.IP brings expertise, value and a well-rounded perspective to every client relationship. Corporate offices in Oklahoma City, Oklahoma and regional offices in Tampa, Florida and Charlotte, North Carolina.
